

Sophie Jones

New Canaan, CT | 203-916-2440 | sophie.g.jones@vanderbilt.edu

EDUCATION

Vanderbilt University
Nashville, TN

Expected Graduation: May 2028

B.E. Electrical and Computer Engineering, Minors in Computer Science and National Security

Dean's List: Fall 2024 | GPA: 3.44/4.00

Relevant Coursework: Electronics, Intermediate Software Design (C++), Digital Signal Processing (MATLAB), Circuits, Physics

PROFESSIONAL EXPERIENCE

Axiom Space

Houston, TX

EVA Electrical Engineering Intern (Incoming)

June 2026 - August 2026

- Selected to aid and contribute to Axiom's Portable Life Support System team with the development, maturation, and operation of spaceflight hardware to support the Extravehicular Activity (EVA) Spacesuit, which will be used in NASA's Artemis IV mission.

Camp Dudley at Kiniya

Colchester, VT

Cabin Leader

June 2025 - August 2025

- Supervised and mentored 10 eleven-year-old campers, emphasizing leadership, collaboration, and resilience.
- Strengthened conflict resolution and leadership skills working in a team of six to figure out budget, divisional issues, and planning.

Krista Fox Interiors

Norwalk, CT

Personal Assistant

April 2024 - June 2024

- Created searchable digital archive of 2,000+ design assets, streamlining accessibility and workflow efficiency.
- Enhanced client experience by documenting preferences and managing communications with suppliers and vendors.

TECHNICAL EXPERIENCE & ACTIVITIES

Digital Systems Lab – Vanderbilt ECE

Nashville, TN

Lab Assistant & Grader

January 2026 – Present

- Supported students during laboratory sessions by explaining digital logic concepts, Verilog design, and FPGA implementation.
- Evaluated lab assignments, providing detailed feedback on circuit functionality, timing behavior, and logic accuracy.
- Assisted with troubleshooting implementations, helping students identify timing issues, logic hazards, and design inefficiencies.

Java Project – “Senior Assassin”

New Canaan, CT

Programmer & Volunteer Organizer

April 2024 - June 2024

- Created a Java-based management system for a 300+ player tournament, automating eliminations, immunity logic, and more.
- Applied object-oriented principles to improve reliability and reduce manual errors relating to team assignments and data tracking.

Technical Theatre (NCHS)

New Canaan, CT

President of Technical Theater, Head of Properties Department

May 2022 - June 2024

- Directed 70+ student team to design and execute props/sets for 4 annual productions, coordinating 100+ prop builds per show.
- Gained hands-on experience in project management, rapid prototyping, electrical assembly, and CAD-based design coordination.

LEADERSHIP & INVOLVEMENT

Pi Beta Phi Fraternity

Nashville, TN

Chapter President

December 2025 – Present

- I lead a 130+ member organization with complete responsibility for operations, budgeting, scheduling, and compliance.
- Direct a multi-faceted executive board of 7 officers, structuring planning, meetings, and performance tracking.
- Act as the primary liaison to university administration and national sorority headquarters, enforcing procedures and response

Additional Memberships: Theta Tau Professional Engineering Fraternity, Vanderbilt Society of Women Engineers, The Afterschool Program Nashville

SKILLS & INTERESTS

Technical: Java, C++, Python, JavaScript, HTML, Excel, SPICE, CAD, Verilog, Quartus, MATLAB

Languages: Conversational in Spanish; ACTFL Connecticut State Seal of Biliteracy in Spanish (2022)

Interests: Electric vehicle manufacturing, historic architecture, guitar & music, Harry Potter, golden retrievers
